01/2022

PROFESSIONAL EXPERIENCE

Backend Software Engineering Extern

Netflix Pathways Bootcamp

- Build cloud-ready web applications with Java Spring Boot conforming to the main principles of RESTful APIs.
- Worked on a group GameStore project using GraphQL, RESTFUL APIs, and DBeaver, and validated through local tests.

06/2023 – 09/2023

Remote

Front End Software Engineer

American Express

- Resolved and deployed to production accessibility fixes within the customer account management (CAM) module used by 10000+ people.
- Established analytics tracking within multiple modules using Omnibug.
- Created a upload documents endpoint for customers within CAM.

06/2023 – 08/2023

Arizona

Full Stack Software Engineer

Visa

Unused Rule Cases UI & Rule Execution Download-to-Excel:

- Designed the UI in Angular to display unused rule cases on SQUIRE site.
- Created an API endpoint in Spring Boot and designed the UI in Angular.

08/2021

Remote

Analyst Member (Operations Optimization)

Consult Your Community

- Devised idea of creating a form to register and keep track instead of making a large flowchart.
- Designed a draft form on Tripetto and final draft with Microsoft Forms beside teammates.
- Decreased time of instrument registration by 80% (from 20-25 min to 5 min).

01/2021 – 05/2021

Atlanta

PROJECTS

Bits of Good Design Bootcamp

MyCloset: Outfit Planning App

- Conducted and Analyzed user research through Google forms.
- Collaborated in creating Mid-fi and Hi-fi prototypes using Figma.

05/2022

Twitterbot

Created a function using the Twitter API and Spotify Web API that:

- found the most recent tweet under the #music and selected a random word from the tweet text.
- posted a tweet with the song name and preview_url to the most popular song related to the random word.

SKILLS

Development: Java, Angular, React, Python, C++, C, R, DBeaver, SQL

Design: Adobe XD, Adobe Illustrator, Adobe Photoshop, Adobe InDesign, JIRA, Trello, Figma,

LEADERSHIP

Exec Board Member: Secretary

Minorities at College of Computing (M@CC) | BSC0

- Engaged in CAP partner meetings to plan events.
- Attended advisor/student meetings to check the progress of the mailing list.
- Collaborated with Associate Dean to ideate and plan for minority-focused events.
- Increased student turnout from 6 people (Spring '21) to 60 (Fall '22).

07/2022

UI Design Project

Project Manager/Project Lead

- Successfully applied unique techniques to increase teammates' engagement in communication platforms.
- Utilized Trello to organize and give out assignments for each project milestone.

05/2022 – 07/2022
