Digital Data Analysis | Digital
Design and Interactive Technologies |
UI Design | Educational Technology |
Research Methods

WORK

Georgia Tech - Creative Design

Design Futuring | Designer

01/2023 - 05/2023

Created digital **mockups** using **Figma**
that exist in a world where fresh
produce is limited.

Synthesized data with team and used
ArcGIS to map surveillance in Atlanta.

Interaction Design Principles

Design Futuring | Designer

01/2023 - 05/2023

Prototyped and designed for app that
exists in a world where people rely
solely on technology for comfort.

Redesigned the Instagram personal page
to focus more on storing memories and
grouping relationships.

ITU Copenhagen- DDIT

RETRIGGER App | Designer

08/2021 - 01/2022

Prototyped and designed app using
Figma and created a promotional video.
Analyzed unstructured interviews of
Danes with epilepsy and narrowed scope
for problem statement.
